Visit okgearup.org/university for more information

Are you a techy? Or do you love the outdoors? Maybe you're interested in building your leadership skills? If you are a student entering the ninth – 12th grade in fall 2016, you are eligible to apply to GEAR UP University, an exclusive summer academic and leadership program available only to 24 state school districts. GEAR UP University is free and offered at Connors State College in Warner, Rogers State University in Claremore and Northern Oklahoma College in Tonkawa. These weeklong camps will introduce you to careers in science, technology, engineering and math as well as train you to be a leader in your school and community. You will stay on a college campus and experience what it takes to be a successful college student after high school.

The U.S. Department of Education awarded Oklahoma with state GEAR UP grants totaling \$20.5 million in August 1999, \$20.6 million in August 2005 and \$34.9 million in September 2011. The grants have been matched by more than \$48 million from state and partner resources. From 1999 to 2011, GEAR UP received more than \$45.6 million in federal funds. With the addition of the 2011 grant, Oklahoma's GEAR UP program will ultimately receive more than \$60.6 million in federal funds by 2018.
